The Batcheller Monkhouse Land and New Homes Department provides a specialist and focused service to our developer clients throughout our region which covers East and West Sussex, Kent and Surrey.

With our expertise and local knowledge we are on hand to provide advice from the very early stages, right through to the launch of your new development. This often involves detailed consultations before land is purchased. Through our extensive market research we are able to advise on pricing, demand and specification, enabling an informed decision before a site is acquired.

We will work with you to agree a structured marketing campaign, crafted to maximise footfall and present your development to its best possible advantage.

- **In-house marketing department:** we will oversee the creation of both paper and electronic sales material, including window and wall displays, brochures, press advertising and on-line marketing (including a micro-site and social media).
- **High-profile internet presence:** your properties will be promoted on batchellermonkhouse.com and the leading portals of rightmove.co.uk and onthemarket.com, as well as the social media platforms of Facebook, Twitter and Instagram.
- **Quality buyers:** our extensive database of applicants has 1000s of buyers, each of whom is qualified by our dedicated sales team.
- **Complete service:** we can provide full on-site sales management, including: staffing, marketing and signage. We will fully uphold your company standards of professionalism, presentation and quality of service.

Julie Carver

Associate - New Homes
68 High Street
Battle TN33 0AG
